ALL PRINCIPAL ROADS LEAD TO HILLSDALE'S FINE ROSE GARDENS

YOU ARE CORDIALLY INVITED TO VISIT **HILLSDALE ROSE GARDENS** AT ANY TIME.
OUR ROSE GARDENS ARE LOCATED AT HILLSDALE'S MAIN NURSERY, 1/4 MILE SOUTH
OF CASTLETOWN, 8 MILES NORTHEAST OF INDIANAPOLIS, WITH ENTRANCES ON
TWO MAIN HIGHWAYS: **7800 ROAD 100** AND **7800 (NEW) ROAD 37**

AN INVITATION TO HILLSDALE

Here at our nursery we have one of the largest and most beautiful rose and rock gardens in Indiana. Extensive ornamental shrub and evergreen plantings, and spacious perennial and rose gardens are maintained for the enjoyment of our friends and customers. We cordially invite you to visit them at any time; they will give you new ideas for making your own gardens more satisfying.

LOCATION

The location of Hillsdale Main Nursery, Rose Gardens, Office and Supermarket Garden Store is 8 miles northeast of Indianapolis, and $\frac{1}{4}$ mile south of Castleton, Indiana. Hillsdale now is bordered by Two Main Highways, with entrances from each of them leading into Hillsdale Gardens. These entrances are at:

HILLSDALE SELF-SERVICE ENLARGED SUPERMARKET

Here at our main nursery we now operate a modern self-service Super-Market Nursery Store. For many years it has been felt that there was a need for such a self-service store in connection with our nursery business.

In this new store, all items are plainly priced and the merchandise is conveniently packaged and placed for handy cash-and-carry purposes. Roses and dormant shrubs and small trees are all root-wrapped and priced, for Spring sales.

We also carry here a large stock of many different brands of Insecticides and Fungicides; Fertilizers (organic and inorganic) and Plant Foods, Peat Moss, Potting Soils, Grass and Lawn Seed, and a full line of garden supplies of every description.

Various flowering bulbs are available in season, also perennial and vegetable plants.

We invite all our customers and friends to "SHOP THE MODERN WAY" here at HILLSDALE NURSERY SUPER-MARKET.

ROSES

**Remember — "Hillsdale Roses Are
Always Better And They Cost No More!"**

See our ROSE FOLDER for a list of over 200 varieties! Each one is described and priced and list includes: Hybrid Teas, Grandifloras, Floribundas, Climbers, Tree Roses and Miniatures.

Ask or call in for your copy of our 1959 Rose Folder!

Hillsdale Dormant Root-Wrapped Roses are available from March 15 until latter part of April. Early selection while our entire list of the many varieties is available will avoid disappointment. Early planting of Dormant Roses is recommended. Hillsdale Dormant Rose plants are the same #1 quality plants as the famous Hillsdale POTTED ROSES—and the saving is 40c per plant by buying them dormant.

We offer only the #1-grade two-year-old field-grown plants. Each variety has been tested in our gardens. This assures you of receiving hardy, vigorous plants which will have beautiful blooms in abundance from varieties well adapted to this section of the Middle West.

Hillsdale Potted Roses will be ready May 1st. Our Hillsdale Potted Roses can be planted in your garden at any time during the growing season, and if planted correctly will show not even the slightest wilt of foliage, buds or blooms.

LANDSCAPE DESIGN DEPARTMENT

We maintain a thoroughly trained landscape organization whose members, after years of study and invaluable practical experience, have attained rare skill in the designing and planting of gardens, both large and small, of unusual beauty and merit. We want all of our customers to realize that we consider no job too small or too large to command our best efforts and finest skill.

Without charge or obligation we will have one of our experts visit your grounds. He can give you an estimate of the small charge for preparing your plan. This plan would include a list of the proper plants required to produce the effects you desire. Also, it would be so prepared that you could complete the planting at one time, or spread it over a period of years. It would show the proper location of the house, drives, walks, pools, benches, pergolas, terraces and of every plant. The value of such a plan must be apparent to everyone.

LANDSCAPE SERVICE DEPARTMENT

The members of our landscape service department are thoroughly trained and experienced in all phases of landscape construction, planting and service. And their equipment is the newest and most modern machinery available. The methods used by our men are the ones we have found best from actual experience, and they result in the highest quality work.

PLEASE READ CAREFULLY

PRICES AND DELIVERY: Prices in this list cancel all previous prices and quotations. These prices are subject to change without notice and they apply only to stock available on receipt of order. Prices given in this list are F.O.B. our nursery at Castleton, Ind.

Higher prices will be charged for specimens of higher quality selected by the customer or his representative.

These prices do not include packing costs; all packing and boxing expense will be charged at cost.

Prices of plants marked "B&B" include price of balling. Plants not marked "B&B" are bare-rooted, and an extra charge is made for balling these, should balling be required. (See B&B Schedule.) An extra charge is made for balling deciduous plants not marked "B&B," either in dormant season or in full leaf for summer planting.

We have one free delivery day each week (Friday) when local orders amounting to \$3.00 and over, are delivered within a ten-mile radius of our Nursery without charge to our customers.

A special-trip delivery on orders for \$30.00 or over will be made, within ten-miles of our Nursery, without charge to our customers.

A special-trip delivery on orders for less than \$30.00 (on any day but Friday) within a ten-mile radius, will require a minimum delivery charge of \$2.50.

Cost of delivery by truck to more distant points will be quoted upon request.

GUARANTEE: Our nurseries are frequently inspected and intensively sprayed or dusted. We guarantee our plants to be true to name and size specified, up to grade, full count, and in good healthy condition when they leave our nurseries. We use the greatest care to have all our trees and plants true to name and will replace any that prove untrue, or will refund the purchase price. Under no circumstances will refund be in an amount greater than that of the original purchase price of the item replaced.

Because of the perishable nature of nursery stock and the fact that we have no control over the treatment and care of nursery stock after it leaves our hands, we give no warranty, expressed or implied, as to growth or productiveness of fruit and bloom of the nursery stock we sell. We cannot guarantee plants to live that are not planted by us, as we have no control over the method by which they are planted or the conditions under which they are grown.

Plants are living organisms and their success depends upon the care given them.

TERMS & DISCOUNTS: A SPECIAL 10% DISCOUNT will be deducted from prices listed herein for CASH & CARRY customers who pay in full at time of purchase and who take the nursery stock with them.

A customer who has established credit with us may use the charge account plan in making payment. In this case we allow a 1% discount for cash within 10 days from date of invoice. All charge accounts are due within 30 days from date of our invoice on net basis.

REPLACEMENT GUARANTEE FOR NURSERY STOCK WE PLANT:

All plant material listed herein (perennials, annuals and roses excluded) which is furnished and planted by our landscape department and which is given proper care (cultivation, watering, etc.) by the owner, is guaranteed to grow and thrive satisfactorily for one year from date of planting.

Our guarantee does not cover plants which may die because of damage by storm, fire, explosion, water or by any other unnatural causes beyond our control. All plants which fail to survive within one year from date of our planting, due to shock from transplanting, will be replaced once (only) free of charge, which will fulfill our replacement obligation on the transaction.

NURSERY STOCK NOT PLANTED BY US:

Stock sold but NOT PLANTED by us which fails to live within 60 days will be replaced by us **once (only)**, at **half the current price**, provided customer can show evidence of purchase from us and provided proper care in cultivation and watering has been given the stock.

CLAIMS:

Our method of handling and packing stock is modern, and plants will be in good condition and well packed when they leave our hands. All our products are shipped at the purchaser's risk. Our responsibility ends upon delivery to the carriers. All claims for errors must be made within six days after receipt of nursery stock, or they positively will not be considered.

If goods, suffer through delay or damage in transit, claim should be made at once to the agent of the transportation company at the point of delivery.

EVERGREENS

Our evergreens are carefully grown and generously spaced to allow symmetrical development. They are root and top pruned into handsome, shapely specimens that will transplant successfully with ordinary care. We dig all our evergreens with balls of earth and wrap them in burlap without additional charge. Height following name indicates size when fully grown. Sizes priced indicate height unless spread is specified.

SMALL FRUIT TREES—DORMANT, SPRING ONLY

During the Spring Dormant season, from the middle of March until the end of April, every kind of fruit bearing tree which thrives well in the middle west may be had at Hillsdale Garden Store. All these trees are approximately 11/16" in diameter, and all have had the roots carefully wrapped by our experienced nursery workers to protect the root systems and keep them in good growing condition until customers can make their selections. Also an enlarged Garden Store makes it possible for all root-wrapped trees and shrubs to be kept in a separate department — all of them displayed in cool temperature storage bins where they will not be damaged by the heat from the central heating system in the front part of the store, where the Garden SUPPLIES are sold. Many varieties of all of these fruit trees are offered:
